WHAT HAVE YOU BEEN UP TO FOR THE LAST 40 YEARS?

Married for over 30 years to my best friend. Taught elementary school for a few years in Frankenmuth until the economy tanked the first time. Moved to Arizona in 1984 to escape the cold and find suitable employment. Worked for 12 years in contract furniture sales in Arizona. Moved to Louisville, Kentucky in 1996 to work for a friend in the same industry. Moved back to Arizona in 1998 and worked for 5 more years in the furniture industry before deciding to try something totally different. Working since 2003 for a large healthcare system as Director of Planning for three hospitals. I often tell people that I wish I had found the healthcare industry sooner, but then I try to be philosophical in that I truly believe that all roads lead to where we are today.

Thoughts: Who are you now? What is most important to you now?

Family, friends, & faith are most important to me. I'm also rather passionate to learn more about our country's history - all the things we weren't taught in school.
